Target Iran Part I:

US Intervention Doctrine & Strategy
We present a three-part analysis of what may turn out to be America's next war: a preemptive strike on Iran. The first part explains current US war-fighting doctrine both in general and, more particularly, as it relates to Iran. The second part analyzes the regional geography of the possible new war, while the third part examines the Iranian military.

Indochina 1952:

the Battle of Na San
The French air-ground base concept, which later failed so completely at Dien Bien Phu, was first tested—and succeeded—at Na San. Here's our analysis of that dichotomy in outcomes.

The Origin of US Joint Warfare Doctrine

The US armed services conduct combat operations on a global scale. The concept of "joint warfare" has been central to these operations. It's a simple phrase that refers to the inherently complex integration of the different armed services, national assets and allied forces as a combined team to win wars.
